BURLINGTON CITY COUNCIL REGULAR SESSION 9-16-2026

City of Burlington Governing Body met in Regular Session at City Hall's address, 1013 N. 4th Street, Burlington, Kansas, at 6:00 p.m. Wednesday, September 16, 2026. Mayor Luke called the meeting to order.

THE PLEDGE OF ALLEGIANCE

ROLL CALL: ☒ Stan Luke, Mayor

Council Members present:

☒ Jerilyn Curtiss (President of Council) ☐ Maxi Berryman ☒ Cara Mays
☒ Lila Van Horn ☒ Nathan Strawder ☒ George Shove

Superintendents Present:

☒ Kevin Boyce (Parks) ☐ Alan Schneider (Electric) ☒ Kyle Dauber (Street)
☒ Mike Roney (Chief of Police) ☒ Danny Hawkins (Water/Wastewater)

Also Present:

☒ Anne Brown (City Clerk) ☒ Shayla Befort (Administrative Assistant)
☒ Philip Wright (City Attorney) ☒ Jimmy Hugunin (Zoning/Grants Clerk)
☐ Kerri Weltha (Deputy City Clerk)

Media Present: Mark Petterson (Coffey County Republican)

VISITORS: Jay Hale, Becky Petterson, Michael Fruit

AGENDA: Mayor Luke, "At this time, we'll move forward to approving our agenda for this evening's meeting. The only thing that I have to add to the agenda is under finance: Claims Ordinance #2026-18, $344,346.99, and then Payroll Ordinance #2026-19, $122,330.75, for a total of $466,677.74. Are there any other additions to the agenda? Hearing none, I would accept a motion to approve the agenda as amended."

Council Member Van Horn, "I move to approve the agenda as amended." Council Member Curtiss, "I second the motion." **Motion carried, 5:0.**

MINUTES 9/2/2026: Mayor Luke, "You have before you the draft minutes for our regular session of September 2, 2026. Are there any additions or corrections to those minutes?"

Council Member Curtiss, "I move to approve the draft minutes of September 2, 2026, as presented." Council Member Strawder, "I second the motion." **Motion carried, 5:0.**

CITY CLERK'S OFFICE: Michael Fruit

Mayor Luke, "We have no appointments this evening. However, at this time I would like to take a moment to introduce our new City Clerk, effective as of last Monday. Michael Fruit is with us this evening. We found out he's a Texans fan; at least he's not Denver, so we're not quite so bad off. Anything you'd (Michael Fruit) like to say?"

Michael Fruit, "Looking forward to working with you all, looking forward to getting after a few things, and hopefully I can sit down with each one of you and get to some things that you want taken care of."

Mayor Luke, "Okay. He will be fully active the day after Anne (City Clerk Brown) retires."

PUBLIC COMMENTS:

Mayor Luke, "So, at this time, there's…Jay (Hale), anything?" Jay Hale, "Not tonight."

Mark Petterson, "I do. You usually don't call on me." Mayor Luke, "You're normally not a visitor."

Mark Petterson, "On behalf of the Smoke on the River Barbecue Contest, we had over Labor Day weekend, and we appreciate the City having the facilities available at Kelley Park. We had 25 teams come in on Saturday, and also 25 teams on Sunday, representing eight different states, and everything went really well. And they made a lot of good comments about the venue, and I really appreciate all of the help I got from City employees too, particularly Kevin (Superintendent Boyce) and Kyle (Superintendent Dauber) and their departments. They were great to work with, and everything went really well. Again, just want to say thank you."

Mayor Luke, "The weather even cooperated." Mark Petterson, "Yeah. And there were a lot of people to work with."

Becky Petterson, "I liked your tent."

Mark Petterson, "And Cara (Council Member Mays) helped too."

Council Member Van Horn, "I heard the food was really good." Mark Petterson, "It was. It was really good. Anyway, thanks again." Mayor Luke, "Alright."

ELECTRIC DEPARTMENT: Distribution Update

Mayor Luke, "Lila (Council Member Van Horn), you have Alan's (Superintendent Schneider's)?" Council Member Van Horn, "As soon as I wake up my phone."

Line Maintenance: Council Member Van Horn, "Alright. Just normal line maintenance."

Fiberoptic Companies: Council Member Van Horn, "Lots of line locates. He'll be glad when the fiber crews get finished. Won't we all?"

Outages: Council Member Van Horn, "They have worked two outages since last council. One: lightning damaged the transformer, and the other was a call-out for a line capacitor that had failed."

ELECTRIC DEPARTMENT: Production Update

General: Council Member Van Horn, "Under production: normal plant maintenance. They replaced a contactor that operates the circulation oil. They replaced one of our catalyst monitors."

Catalyst Recertification: Council Member Van Horn, "Last Wednesday and Thursday, Donna Oehm, with Power Plant Compliance, was here to verify our catalysts were functioning as they should. This is done every five years to stay compliant through the State of Kansas. That was it."

Public Power Week Proclamation: Mayor Luke, "The only thing I have to add is that coming up from October 4th through the 10th is the Community Owned Power Proclamation for Public Power Week. And we've got the proclamation, and it will be in the newspaper as well in the near future."

QUESTIONS/COMMENTS:

WATER AND WASTEWATER: Distribution Update

General: Superintendent Hawkins, "Well, the staff have been doing their normal duties of line locates. We're still working on them, work orders, reading meters, rereads, checking on all nine lift stations, flushing the water tower transducer, customer calls and inquiries."

Flushing Hydrants: Superintendent Hawkins, "We've also been flushing the dead ends on fire hydrants, and we'll continue that throughout the rest of the year."

Fiberoptic Companies: Superintendent Hawkins, "We're still spending a lot of our time with the contractors. We are wrapping it up. There's just a hair under 7,000 feet as of today. So, they're trying to find our 12-inch main, which I'm very grateful for; we don't need them hitting that. So, we've been spending a lot of time with them doing that. So, the word is it's possible they could be done in the ground by the end of this week or possibly next week. So, I see it more at the end of next week, but we'll see how it goes. But at least that's starting to come to an end."

WATER AND WASTEWATER: Production Update

Pump Station #6: Superintendent Hawkins, "The other thing we had, too, is if you drive down by pump station #6 on Juniatta over by Huff's Garden, it looks a little different. It looks tremendous, doesn't it, Jerilyn (Council Member Curtiss)?" Council Member Curtiss, "Yes, it does." Superintendent Hawkins, "So, I talked with Dalton, the gentleman that's doing that, so I got a meeting with him tomorrow to discuss some stuff that we would like to get done around the pump station as well. So, I went down and worked the force main and kind of want to clean some of that brush that's along the creeks so that debris isn't coming up over time. So, he's going to meet with me tomorrow on that."

KDHE Sewer Lagoon Inspection: Superintendent Hawkins, "We did have our KDHE (Kansas Department of Health and Environment) sanitary sewer inspection. I want to thank Chris Hammond (Senior Plant Operator/Mechanic); he was there. We had an issue where I needed to go get a part, and so anyway, he covered for that, and we did great. We passed very well with it. No issues with that."

Equipment Repair: Superintendent Hawkins, "The only other thing that we had was when we had a power surge at the water plant. It ended up that it took out our VFD (Variable Frequency Drive) on the high-surface pump. We had our backup VFD there. We called on Chris Schuermann, who is our technician out of Tulsa, and he came up the very next day, and then we had Gunlock's (Gunlock Electric) come in, and they all worked together, and everything's up and going now. So that's all I've got."

QUESTIONS/COMMENTS:

STREET DEPARTMENT: Update

General: Superintendent Dauber, "We've been doing normal duties, vehicle and equipment maintenance."

Street Sweeper: Superintendent Dauber, "We've been out running the street sweeper quite a bit lately."

City Signs: Superintendent Dauber, "And then we've been out looking at our street signs, looking for faded or damaged street signs, and when we do come across them, we go ahead and replace them. We're trying to stay up on them."

Ditches and Driveways: Superintendent Dauber, "With the rain recently, we've been cleaning a lot of ditches and drain boxes, trying to keep from flooding occurring with future rain coming, and then we've been continuing to dig ditches. We just finished up a ditch project on Kennebec by Subway. We ended up having to replace the driveway tube to Subway on the north side there. It was rotting out, and it looked like it had been rotten for a little while. We cleaned that whole ditch all the way to 3rd Street. So that's all we've got right now."

QUESTIONS/COMMENTS:

Council Member Curtiss, "The ditches look good." Superintendent Dauber, "Thank you." Council Member Van Horn, "And I'm glad you're done with that little stretch." Superintendent Dauber, "We did cause a little bit of traffic congestion for a little while, but it needed done."

WATER AND WASTEWATER: Distribution Update

New Vehicle: Superintendent Hawkins, "Can I add?" Mayor Luke, "Yeah." Superintendent Hawkins, "I forgot. Something I overlooked in my report. So, our pickup truck is in as well; it showed up early. So evidently, in September, November 15th is early. So, our truck is in down at Crow-Moddie Ford, so I wanted to mention that. I overlooked it when I was reading my report. So, we're hopefully going to go down and pick it up tomorrow."

POLICE DEPARTMENT: Update

Personnel – New Hire: Chief Roney, "Officer Chris Lawson started with us on September 8th. He's doing really well. He's picking up on the difference between ordinances and state statute. He's coming along well."

OK Kids: Chief Roney, "OK Kids was last weekend. We had a great turnout. Approximately—the numbers are not fully in, but about 600 kids, 250 adults. It was a great turnout; we beat the rain and had some nice fireworks. We had good food. It was a good time."

Activities/Cases: Chief Roney, "Officers have been conducting traffic stops, building checks, VIN inspections, working on theft cases, agency assist calls, medical assist calls, lockouts, accidents, dealing with some dog issues, abandoned vehicles, neighbor disputes, and several financial crimes."

Nuisance Properties: Chief Roney, "Nuisance properties. Reminder: October 7th, we have a public hearing on the 619 Hudson house. Work has started on the Huff's Garden area. Today, contractors showed up at 714 Yuba and started tearing that house down. On 826 Shea, the contractor has been in contact with me. We're trying to get the paperwork in process with the housing authority to get the landfill stuff waived. I believe they got that done, but they're going to start demolition on that one at the end of this month/first of next month. I've been in contact with a property owner that has three properties. They've been going through a divorce. They just couldn't do anything with the properties yet. I made contact; she says November 9th is her final court date, and numerous people have been trying to get a hold of her to demolish those houses or buy the property. So as soon as she's done, she does have people that are willing to help her out. She lives in another state on the East Coast, so she's ready to get rid of these properties.

"Some of the properties that are going through court, one in particular, on the corner block of Potomac, they've done a really good job of cleaning up their yard. They've been out there. They're about halfway. They've done a really good job. I just want to throw that out there.

"So, since March of 2025, we've had a total of nine houses/trailer houses demolished, one sold and remodeled, and is for sale in the city limits. Just an idea, just talking to the community, talking to these people. This is not on the City dime; this is what's done by the people that own the properties."

New Vehicle: Chief Roney, "Friday, the Durango will be in. I will be going down to pick that up in Andover. And that's all I have."

QUESTIONS/COMMENTS:

PARKS DEPARTMENT: Update

General: Superintendent Boyce, "We've been doing normal duties, cleaning public buildings and restrooms, and building and equipment maintenance."

Mowing: Superintendent Boyce, "With a little bit of rain, the mowing has picked back up, and that's been taking most of our time."

Hazardous Tree Removal: Superintendent Boyce, "And I'm working with the tree contractors on getting quotes for hazard tree removals. I should have those quotes for the next council meeting. And that's all I have."

QUESTIONS/COMMENTS:

Mayor Luke, "Question: At the city dam, the southern big tree right up at the dam itself, there where the landing is…" Superintendent Boyce, "Yes." Mayor Luke, "Is that south tree in any danger of creating a

problem for us, or is that on your hit list?" Superintendent Boyce, "It's on my list for removal." Mayor Luke, "Okay." Superintendent Boyce, "Over half of it is dead." Mayor Luke, "Dead, yeah. Okay."

Council Member Curtiss, "Not my tree?" Superintendent Boyce, "Sorry."

Council Member Curtiss, "Your flowers still look good, though, even if you don't take care of that tree." Council Member Van Horn, "I am amazed at how good the flowers on the street look with the heat we've had." Council Member Curtiss, "Yes." Council Member Van Horn, "I don't know how you do it, but I'm glad you do it."

Superintendent Boyce, "A lot of water." Council Member Curtiss, "Twice a day, don't you?" Mayor Luke, "Danny (Superintendent Hawkins) appreciates the water use." Superintendent Hawkins, "We do." Superintendent Boyce, "We did spend about two weeks doing it twice a day." Council Member Curtiss, "Yeah, I thought so." Superintendent Boyce, "And they still were going downhill."

FINANCE: Claims Ordinance & Payroll Ordinance

a.	Claims Ordinance	2026-18	$	344,346.99
b.	Payroll Ordinance	2026-19	$	122,330.75
		TOTAL	$	466,677.74

CLAIMS 2026-18*: Council Member Curtiss moved to approve City of Burlington Claims Ordinance 2026-18 for the amount of $344,346.99. Council Member Strawder gave the second.* Mayor Luke, "Anne (City Clerk Brown), I know there are some highlights." City Clerk Brown, "We have Brenntag Southwest, LLC for $21,880.27, C&B Equipment dba Douglas Pump Service for $5,632.13, Crow-Moddie Chevrolet, LLC for $59,551.00, Dave's Pumping, LLC for $8,838.00, Osborne County Sheriff's Office for $10,000.00, and Power Plant Compliance for $24,286.89. And I didn't have anything else highlighted." Mayor Luke, "Power Pool (Kansas Power Pool)?" City Clerk Brown, "Kansas Power Pool was $66,202.79, and it was a little bit lower this time just due to overpayment, so it was higher than that to start with."

Council Member Van Horn, "And was Crow-Moddie for the new pickup?" Mayor Luke, "Yes." City Clerk Brown, "For the Water Department." Council Member Van Horn, "Yeah."

Mayor Luke, "And the $10,000 was for the Durango for the Police Department."

Hearing no further discussion, Mayor Luke instructed City Clerk Brown to poll Council for a vote. ***Mayor Luke declared, "Claims Ordinance 2026-18 passed unanimously, 5:0."***

PAYROLL 2026-19: ***Council Member Curtiss moved to approve City of Burlington Payroll Ordinance 2026-19 in the amount of $122,330.75. Council Member Shove gave the second.*** **Hearing no discussion, Mayor Luke instructed City Clerk Brown to poll Council for a vote.** ***Mayor Luke declared, "Payroll Ordinance 2026-19 passed unanimously, 5:0."***

FINANCE: Building Restoration Loan for 316 & 318 Neosho Street – Red Door Investments, LLC / James Higgins

Mayor Luke, "We also have a building restoration loan to discuss for 316 and 318 Neosho Street for an amount of $5,000."

Council Member Curtiss, "I move to accept the Decision Making Authority's recommendation and approve the Building Restoration Loan Application for Red Door Investments, LLC/James Higgins for

316 and 318 Neosho Street in the amount of $5,000.00, with a two-year payback." Council Member Van Horn, "I second the motion."

Mayor Luke, "For Michael's information (incoming City Clerk Fruit), these loans are available for renovation of the facade in the front of the building to make it more cosmetic, maybe structurally more sound, with caulking, etc., for the bricks."

Council Member Curtiss, "That's why that machine's been sitting in front of there?" Mayor Luke, "Yes. They moved it from 3rd Street to down there." Council Member Curtiss, "Right." Mayor Luke, "Once he gets this approved, then he will start the process."

Council Member Curtiss, "Yeah, okay. Do we still need the blockades on 3rd Street?" Mayor Luke, "They have pickup trucks with big trailers. They're hauling stuff out of there." Council Member Curtiss, "Oh, okay. I hadn't seen that, okay."

Zoning Clerk Hugunin, "You'll notice there's just the facade of the building there now. Everything else is gone." Council Member Curtiss, "Yeah." Zoning Clerk Hugunin, "Yeah. So far back that you can see where they've cleaned it up." Council Member Curtiss, "Okay."

Hearing no further discussion, Mayor Luke called for a vote. Motion carried, 5:0.

PLANNING & ZONING: Update

City Hall HVAC: Zoning Clerk Hugunin, "I'm working on getting the rest of the HVAC install rescheduled. Krayton Cox has talked to them and knows what he needs for that part of it. And what we'll probably have to do is Krayton will either come in after hours or on a Saturday because he'll have to cut power to get the box installed that he wants. And then as soon as that's done, they'll be here when we get a nice mild day. I don't know when that's going to be. So, we are on the radar; I talked to them today."

Nuisance Grass: Zoning Clerk Hugunin, "I'm still working on yards. Like Kevin (Superintendent Boyce) said, the rain has made everything come back again. I had two letters typed up to go out today or in the morning. I drove by this afternoon, and they were both taken care of. And then I sent a letter out for one ditch that's been growing all year long, and the gentleman had moved away, but he's moved back now. And he is out there every morning cutting everything by hand because he can't get a mower in it, he says, so he's taking care of it. But 81 years old, and he's out there every morning doing it, so it's starting to look really good. So, he's getting that done."

Fall Cleanup: Zoning Clerk Hugunin, "Cleanup week, I was just notified yesterday—and Mark (Petterson) knows this—but that's going to be October 12th for the City fall cleanup for the City of Burlington, and free landfill from the 12th to the 16th, I believe. Is that right, Mark, or the 17th?" Mark Petterson, "Whenever the 17th is." Administrative Assistant Befort, "The 17th."

Permits: Zoning Clerk Hugunin, "And I've been busy with miscellaneous permits. There have been a lot of garages and carports and sheds, and you see the big project there at MT Networks."

QUESTIONS/COMMENTS:

Mayor Luke, "Brush pickup?" Zoning Clerk Hugunin, "I don't decide that date." Superintendent Hawkins, "It's usually the last week; that's what Alan (Superintendent Schneider) and I normally do. The last week at the end of October. We let them do theirs first, and then we're two weeks behind that." Zoning Clerk Hugunin, "And there have already been brush piles out since June, so they're not going to be hard to find."

Superintendent Hawkins, "And we can do that last week like we've done before." Mayor Luke, "Like you've done in the past." Superintendent Dauber, "I'd say if you give them a week between, because we were running into it where it was one week after them being piled together and it turned into a mess."

Mayor Luke, "Alright, we'll go two weeks after so we can get that published and out as well." Zoning Clerk Hugunin, "But I think Shayla (Administrative Assistant Befort) is going to get everything published. I think she's already talked to them at the paper about getting the flyer out there for the cleanup week." Mayor Luke, "Okay."

LEGAL DEPARTMENT: Update

General: City Attorney Wright, "I don't have anything." Mayor Luke, "You've got plenty of time." City Attorney Wright, "Well, I'm not going to get in the way of people getting home." Mayor Luke, "Okay."

QUESTIONS/COMMENTS:

CITY CLERK: Update

General: City Clerk Brown, "City Hall staff has been busy with customers paying utility bills, work orders, preparing vouchers for bill payments, payroll, and minutes for the council meeting."

Level Pay: City Clerk Brown, "The new level-pay contracts have gone out. They're due back to City Hall by October 20th. We have already been receiving a lot of those, and those will be effective on the October billing, which is due November 10th."

Electric Rates: City Clerk Brown, "And then also the new electric rates will be on the next billing too." Council Member Curtiss, "Oh, no." City Clerk Brown, "Yeah. So, we'll get to see that. We haven't talked about that in a while, so it's like, 'Did everybody forget about it?'" Council Member Curtiss, "I know." City Clerk Brown, "Until they get their bill."

Special Assessments: City Clerk Brown, "Shayla has delivered all of the special assessments to the County Clerk yesterday. Those were due this month, and all of them were just grass mowings, yards, stuff we've taken care of. We didn't have any other assessments than that."

CITY CLERK: Personnel – Executive Administrative Assistant

City Clerk Brown, "I have Shayla's evaluation. Her anniversary date is September 29th, but I wanted to get that done before I left. Since she has been here—I just wanted to say how much I didn't know Shayla when she started. I think she was very underpaid to start with because of her abilities and the things that she is doing. She has been a joy to work with, and I just really appreciate her. So, I think with all that she has done, I would like to move her to the Executive Administrative Assistant position."

Council Member Curtiss, "I move to accept Shayla Befort's annual evaluation as presented and move her from Administrative Assistant to Executive Administrative Assistant at an hourly wage of $22.50 per hour, effective October 3, 2026." Council Member Van Horn, "I second the motion." **Hearing no discussion, Mayor Luke called for a vote. Motion carried, 5:0.**

City Clerk Brown, "Thank you. I appreciate that very much."

CITY CLERK: Update

Calls/Inquiries: City Clerk Brown, "We have had normal calls and inquiries."

Anne C. Brown Retiring: City Clerk Brown, "And this is my last council, so I won't see you anymore. Well, you will for a little bit." Council Member Curtiss, "Two weeks yet." Mayor Luke, "Yeah, but not in this environment." City Clerk Brown, "This is my last council, so I won't be at any more councils. And that's all I have."

QUESTIONS/COMMENTS:

Council Member Curtiss, "We will be having a reception for Anne (City Clerk Brown) October…" Mayor Luke, "No, September." Council Member Curtiss, "…September 30th. Okay…I just want to get to October because it's cooler than now. September 30th from 2:00 p.m. to 4:00 p.m. here (Burlington City Hall)."

CITY CLERK: Update

City Clerk Brown, "I would like to add also, working with Michael (incoming City Clerk Fruit) all this week has been fun." Mayor Luke, "I thought you were going to say different." City Clerk Brown, "It has been different.

"I think a lot of good changes are coming." City Attorney Wright, "Is that just because you're, you know…there you go (referring to City Clerk Brown retiring)?" City Clerk Brown, "Yeah. You don't know what I'm about to dump on you." Incoming City Clerk Fruit, "So, in that case, it's going to be Anne's fault." City Clerk Brown, "But I really have enjoyed working with him, so it's been good."

QUESTIONS/COMMENTS:

Mayor Luke, "The only question I've got is, has there been any progress with RC Trucking with respect to the industrial park?" Council Member Strawder, "So, I had a question on that." Mayor Luke, "Okay." Council Member Strawder, "For the committee (Industrial and Commerce Committee) to hold a meeting, does that require public notice?" City Clerk Brown, "You will let me know when, and we put it on the calendar." Council Member Strawder, "The original plan was to announce tonight, but I didn't get around to it. I've been crazy busy the last couple of weeks, type of thing. So, I'll get into it tonight, and Maxi (Council Member Berryman) is still out, so I'll reach out to her." Council Member Curtiss, "Yeah. You might check with her. She might be able to make it."

Council Member Strawder, "Yeah. So, do you know, have they been contacted at all?" Mayor Luke, "Has RC (RC Trucking, Daniel Redding) been contacted since our last council meeting?" Zoning Clerk Hugunin, "I called him and told him that the committee was wanting to meet with him, and he's just waiting on when that is ready." Mayor Luke, "To be contacted?" Zoning Clerk Hugunin, "Yeah, okay." Council Member Strawder, "So, I'll get that set up this next week."

Council Member Curtiss, "So, the committee will come up with questions or ask him questions, and then you'll report back to us?" Mayor Luke, "They'll figure out what they—basically, the process they want to do, where they want to have, I'll use the word their interests, how they want to use the lagoon, whether they want to tie into the sewer line, you know, all those kinds of questions that need to be answered and addressed."

Council Member Strawder, "Just kind of a first initial, like, okay, 'What is the plan, what are your thoughts on this process?' all of that." Council Member Curtiss, "Okay." Council Member Strawder, "Not initial contact, but initial stuff." Council Member Curtiss, "So, you hope to have that done by the next meeting?" Council Member Strawder, "Yes, most definitely." Council Member Curtiss, "Okay." Council Member Strawder, "As I said, my initial thought was to be able to announce tonight when the meeting would be, but I just haven't had time this week, especially, to get to it." Council Member Curtiss, "Alright, good."

Zoning Clerk Hugunin, "Let me know, and I'll let Danny (Daniel Redding) know, and make sure that he can attend whatever date you pick, and then I will be here so we won't have to worry about having somebody else come up to unlock or anything." Council Member Strawder, "Okay. Well, I did reach out to Anne (City Clerk Brown) to make sure that it was okay to fit with your schedule to meet in the evening sometime." Zoning Clerk Hugunin, "Yeah, as long as we have it on the calendar up there, we're fine."

Council Member Strawder, "Okay. I will also say I did meet with Jenny (Tatman) up at the Economic Development office. She reached out. We haven't, so she just wanted to touch base since she had seen it (in the newspaper) and offer any help if you had any questions along the way and everything."

MAYOR'S COMMENTS:

Mayor Luke, "Anything else? I will say that the League (League of Kansas Municipalities) is working directly to impact legislation and be on the aggressive side this year instead of the responsive side, especially in the area of how to handle the changes in the property tax and some other things with respect to local

government that directly would impact how we do business. So, we'll see who the next governor is because that's going to kind of dictate the approach that we use and who the next director is that the governor appoints. We have to kind of have multiple plans, but we're going to be prepared when they go into session. I don't have anything else."

Council Member Curtiss, "We don't have anything yet from the League as far as the conference or anything other than what you gave us before?" City Clerk Brown, "I have given Kerri (Deputy City Clerk Weltha) your registration, your packets, and stuff. So, she'll give those out to you next council right before you have to go." Council Member Curtiss, "Okay." City Clerk Brown, "Unless you want them sooner. I can get them." Council Member Curtiss, "No, no. That's fine." Mayor Luke, "Let her keep track of them instead of you." Council Member Curtiss, "That's right."

Mayor Luke declared the meeting adjourned.

Approved by Governing Body and signed by Kerri Weltha, Deputy City Clerk
